

IM Leagues is an online Intramural Software that is free to the College and its users. It will allow participants to register for events, view all your team's schedules, brackets, and results. It also allows you to keep track of individual and team stats, gives you easy access to communication with the Intramural Department, allows you to message friends to set up practices and pick up games, and to receive instant alerts through text messages or emails about canceled games, deadlines, and more!

All Intramural Participants must register with IMLeagues in order to play. All intramural participants will be required to create an account on **IMLeagues**. Simply create an account and then you are just a few clicks away from creating or joining a team!
